

THE NATIONAL DATABASE

Labrador Rescuers

Your private dashboard provides access to your organization's data, year-to-date, broken out by species and by age. You'll also find a listing of the records you've submitted, month-by-month, so that you know if you have missing data that needs to be put into the database.

TIPS & HELP

Shelter Animals Count is an independent 501(c)(3) with broad collaboration from the animal welfare community. By creating standardized reporting and definitions for shelter statistics including intake, adoptions, return-to-owner, transfers, euthanasia and shelter deaths, we will increase live outcomes. The board is dedicated to furthering more transparency with anonymity through sharing of shelter data to increase lifesaving opportunities.
